A PERSONAL MESSAGE FROM OUR PRESIDENT

In light of the dramatic upheavals of recent times, pursuit of an international education must be a greater adventure than ever. For those prepared to face the kind of uncertainty and confusion the world has experienced, there are great opportunities. And the best form of preparation, as we all know, is education.

Of course, adventure carries risk. Australia is known to be a safe destination for international students, but its extraordinary success in managing the COVID pandemic has shown just how stable this country is. No Australian state has done as well as Western Australia in allowing so much "business as usual" and maintaining the Perth lifestyle students and residents love. Only few education providers were able to support international students in these critical times with as little disruption to their study plan as has Stanley College.

As the world embarks on the exciting journey of post-pandemic recovery, Stanley College is here to help you **DISCOVER** your own path, **LEARN** how to travel it successfully, and to **ENJOY** the journey.

We offer courses that provide clear pathways to employment and further study. We allow for as much articulation into higher qualifications as possible, with credit arrangements for time and cost savings. We provide scholarship opportunities and financing facilities if needed. We emphasise the importance of practical experience, with Work Based Training in our Vocational courses, and Work Integrated Learning in our Higher Education offerings.

It is certainly an exciting time to be a student. It would be my privilege, and that of the whole Stanley College community, to support you on this great adventure.

Alberto Tassone

STUDENT TESTIMONIALS

“

I love everything about Stanley College, from the trainers, to facilities to student support. The best part about my course is the Work Based Training. As part of my Certificate III, I was given the opportunity to work at PCEC (Perth Convention and Exhibition Centre) where I worked alongside other chefs who taught me good work ethics and habits whilst working in an industrial kitchen. My trainer in particular would give us tips and shortcuts making sure that we are equipped with proper methods and techniques.

Yosephine, Indonesia

“

I chose to come to Perth because some of my friends were already here. I like studying at Stanley College because the teachers and classmates are really nice to me. The classrooms and facilities are very new and modern here. After my English course, I will continue my studies into the Diploma of Business. Once I complete my studies, I would like to work with a travel company. Stanley College is a good school and I would recommend to my friends.

“

I decided to study at Stanley College because it was highly recommended by my friend. I love their campus in West Perth as it is modern and big. The best things about my course are the practical classes and the trainers. They are very friendly and always happy to assist me with everything. Once I finish my course I will be confident and qualified to go back to Italy and continue my career in Early Childhood Education.

Sara, Italy

“

I am currently studying the Australian Computer Society Professional Year Program at Stanley College and my learning curve has been great. The program has allowed me to be familiar with the Australian work setup and I feel more confident about my career prospects in the ICT field. Coming to Australia as an international student, it is quite challenging to immerse into the local job market as a fresh graduate. This program gives room to improve the skills needed to find employment which otherwise is not possible. One of the best things about this program at Stanley College is the guaranteed internship, so that you can be equipped with both theoretical and practical sides to fit into the Australian job market.

PRACTICAL VENUES FOR COMMERCIAL COOKERY and HOSPITALITY COURSES

THE CULINARY WORKSHOP

As the official training venue for Stanley College hospitality courses, The Culinary Workshop is open to the general public and has two commercial kitchens and a restaurant on campus. This provides students with a distinct advantage as they can develop and improve their cookery, management, customer service and other skills in a real work environment.

PRACTICAL TRAINING AT THE PERTH CONVENTION AND EXHIBITION CENTRE (PCEC)

The Perth Convention and Exhibition Centre (PCEC) is Western Australia's only purpose-built conference, exhibition, and meeting space. The convention centre has six multi-function exhibition pavilions, a theatre with 2,500 capacity and a ballroom with stunning views over the Swan River.

Stanley College and our students are given exclusive access to undertake their practical training in the convention centre's commercial kitchen.
